

100 high-frequency words in phases from *Letters and Sounds*

The high frequency words in each phase have been sorted according to whether the words are phonetically decodable or not.

Phonetically decodable words should be taught according to the principle of saying sounds in a word in the order in which they occur. Vocabulary that is not phonetically decodable according to the phase the children are working in, need to be taught as sight recognition words. Research shows that one of the most effective methods of teaching such words is through the use of flashcards.

Below are the 100 high frequency words in phases. Phonetically decodable words are in blue, to visually represent to the children they need to apply their phonic knowledge and skills, whereas the high frequency 'tricky words' are in red.

<u>Phase 2</u>		
Decodable words		Tricky words
a	had	the
an	back	to
as	and	I
at	get	no
if	big	go
